Subject Index to Volume 14

A

Andrus, E. Cowles, eighth president of the pavlovian society 74
Amygdalectomy, effect on orienting and classical conditioning in monkeys 203

B

Behavior, review of legacies in the study of 72

C

Chlordiazedpoxide, parallel between antianxiety and cardiovascular effects of in genetically nervous dogs 1
Circuits, neuromuscular, in affect-laden information processing 177
Conditioned stimulus, in heart rate conditioning of *Macaca mulatta*, varying temporal location of 31
Conditioning, cardiovascular, instrumental 108
Conditioning, classical, of blood pressure in *Macaca mulatta* 10
Conditioning, classical, of human systolic pressure 20
Conditioning, classical, and sociopathy 133
Conditioning, and the classification of the chronic schizophrenic patient 44
Conditioning, interoreceptive, through repeated suppression of morphine-abstinence, basis for conditioning 160
Conditioning, interoreceptive, through repeated suppression of morphine-abstinence, relapse-testing 170
Conditioning, rabbit *(Oryctolagus cuniculus)* nictitating membrane, unconditional-stimulus locus and interstimulus-interval shift in 64
Conditioning, as a research tool in psychopathology 128
Conditioning, some comments on 144
Control, excitatory and inhibitory, produced by traditional tone 254

D

Differential eyelid conditioning, cognitive factors affecting sequential dependencies in 191

G

Gastric acid, effect of restraint on, secretion in cats 249

H

Hippocampus and stress induced 17-OHCS elevation 86

I

Internal information processing, electrical measurement of 218
Instrumental response, effect of exercise on the selective performance of 61

M

Man, defining through language 234
Mental health, crowding and 226

N

Neurosis, experimental, influence of on conditional reflexes and the content of blood catecholamines and acetylcholine in dogs 79

P

Pavlovian society, abstracts of the annual meeting 148
Pavloviana, in psychology of the 20th century .. 93
Person, differential effects of, in the dog and human 104
Psychophysiology, cognitive 199

S

Schizophrenia, conquest of 97
Sex differences, in preschool children, in the relationship of recall to subvocal speech 186

T

Teleology, role of, in higher nervous activity ... 157
Training, discriminative avoidance and punishment, autonomic concomitants in the monkey 243

Contributors to Volume 14

A

Ananth, J. V. 44
Andy, O. J. 86
Anker, J. M. 97
Astrup, C. W. 104

B

Ban, T. A. 44
Brozek, J. 93

C

Cacioppo, J. T. 177
Chapin, J. L. 1
Cloutman, K. 64
Clower, B. R. 86

D

Davis, H. 254
DeLeon, G. 20
Dougherty, J. A. 160

G

Gantt, W. H. 74, 104, 157
Garcia, R. 249
Garrity, L. I. 186
Ghadirian, A. M. 79
Goldstein, D. S. 108

H

Hawpe, L. S. 234
Hermann, T. 254

K

Kadlac, J. A. 191
Kimmel, H. D. 243

L

Lehmann, H. E. 44

M

McGuigan, F. J. 199, 218
McNeil, M. 203
Maltzman, I. 133
Martino, L. J. 64
Mekhedova, A. Y. 79
Miller, D. B. 160, 170
Montalvo, M. 86
